

KAB-102-DVI-HDMI

KAB-102-DVI-HDMI is a high-grade DVI-D to HDMI system cable (19pin) for DVI KVM-switches. It consists of one DVI-D connector on one side and one HDMI connector on the other. It is often used in combination with Full HD devices and supports a Full HD resolution till 1080p at 60Hz. It consists of 100% pure copper and is fitted with gold-plated contacts. Length: 2.0 m

Please note necessarily:

The system cable is **not included** in an order and delivery of devices from our AW-series or KORAT product line. Because of the specific configuration of the connectors, the cables are **necessarily** meant for use with a device of this two product lines. Otherwise it could come to technical failure.
